We also provide our customers with the quality service they deserve.

Ferrantino Fuel • FFC Energy has service technicians on call 24 hours a day, 7 days a week, including holidays. **If you're looking to install a new heating system or convert your old system into a new energy efficient one, let Ferrantino Fuel • FFC Energy give you a free price quote on any Heating Oil, Natural Gas, Dual Fuel or Bio Fuel system.**

Our Sales Department is committed to maintaining customer satisfaction at all times. When you switch to Ferrantino Fuel • FFC Energy, your account will be handled by an Account Executive that can help assist you with any questions or concerns regarding your fuel oil and service needs. Our Account Executives will help guide you through the products, services and competitive pricing that Ferrantino Fuel • FFC Energy has to offer.

Ferrantino Fuel • FFC Energy delivers only the highest quality fuel, promptly and reliably throughout the five boroughs and Westchester. Ferrantino Fuel • FFC Energy is equipped with **our own fleet of radio-dispatched fuel delivery trucks and our own fully licensed drivers.** You can always expect an accurate metered delivery from our highly maintained trucks. If you want an oil company with a solid reputation and competitive pricing, Ferrantino Fuel • FFC Energy is the company you've been looking for.

Management companies, co-ops, condos, schools, building and home owners have been turning to Ferrantino Fuel • FFC Energy to manage their heating needs for decades. Our automatic delivery system and comprehensive service options take away the stress involved in managing your heating needs throughout the year. Only Ferrantino Fuel • FFC Energy has the highest quality fuel, and complete service, at the most competitive prices.

PRODUCTS

HEATING OIL:

Ferrantino Fuel • FFC Energy supplies high quality petroleum products such as #2, #4 and #6 heating oils. Operating our own fleet of radio dispatched trucks for generations, we guarantee prompt deliveries of our products regardless of any weather conditions. *All our heating oils contain New York City required 2% Bio-Fuel.*

NATURAL GAS:

The same great product you receive from your local utility but at a great price. Many former clients of National Grid and Con Ed have already switched to Ferrantino Fuel • FFC Energy. Customers will see an average annual savings of up to 20%. We are confident that you will be satisfied with our pricing, boiler service and customer dedication. We offer month to month contracts with no termination fee and fixed rate contracts. The choice is yours.

DIESEL:

Ferrantino Fuel • FFC Energy delivers on and off road ultra-low sulfur diesel fuel for bus companies, carting companies, concrete companies, boat marinas, trucking companies and all types of cranes and construction sight equipment.

BIO-FUEL:

At Ferrantino Fuel • FFC Energy we offer a selection of Bio-Fuels that are clean burning and domestically produced by blending premium heating oil and biodegradable, organic materials. These blends can be anywhere from 5%-100% Bio-Fuel. By producing these products here in the USA we help support our nations farmers and reduce our dependence on foreign oil. Our Heating Bio-Fuels produce the same satisfying heat as regular heating oil and can be used with your current heating system. Ferrantino Fuel • FFC Energy Bio-Fuels help reduce Americas carbon footprint. The government is now offering tax incentives and rebates when you switch to Ferrantino Fuel • FFC Energy Bio-Fuels. Call us today for details.

Our History...

Ferrantino Fuel Corporation was established by Angelo Ferrantino, who came to the United States in 1901. He began Ferrantino Ice and Coal Company in 1911, only six years before his daughter Grace was born, in 1917. From 1934 to 1941, Grace operated the entire business, deciding to move in the direction of oil and heating in 1935, when the company became the Ferrantino Fuel Corporation.

Grace soon married Dominick Serini, and the two worked as a team, continuing to build and improve the business. Their eldest daughter, Lucretia, then married Rodger Loughlin Sr. in 1964. Rodger and his two sons, Mark and Rodger Jr., now own and operate the company with the dedication and drive to continue providing excellent services to both new and loyal customers.

Today, Ferrantino Fuel • FFC Energy provides the highest quality of heating products to management agencies, commercial and industrial facilities, co-ops and private owners. When Ferrantino Fuel • FFC Energy takes over your heating needs, you can rest assured you'll be getting the most reliable services available.

Family owned and operated for over 80 years.
