2N IP INTERCOMS

2N's intercom portfolio includes seven IP intercom models ranging from basic audio-only units to highly ruggedized emergency call box models, offering versatile access control, audio-visual and two-way communication all-in-one. These industry-leading, sophisticated, commercial intercoms are suitable for multi-unit residential complexes, commercial buildings or campuses.

An open IP platform offers countless possibilities to integrate with SIP, VAPIX and ONVIF. System integrators can integrate the solution with other systems and solutions for video surveillance, access control, VoIP communication and more.
