RETURNING ATTENDEES

"Our expectations were to meet property managers, tell them a little about what we do and make some new contacts. **I couldn't be happier**; we've probably met 50-60 people in the first couple of hours and things are still going." –Doug Baruchin, Steri-Clean/Island Trauma Services

2018 EDUCATION HIGHLIGHTS

*"It was **VERY** informative, interesting, helpful, and actually enjoyable. I found multiple ways I now plan to improve the buildings and business, including things I didn't even now existed, and was able to get info about EVERY aspect within the same 2 days since EVERYONE was there."*

“With the Lead Retrieval tool, I’ll **capture 100 leads or more at every show**. Out of those, I’ll seriously discuss ten major jobs and book around three or four. I also get a shelf life out of the information I share with prospective customers, and people often call to do business with us three years later.”

—Rudy Fusco, Mr. Parking Lot
