

ABOUT US

Founded in 1991, LEW Corporation is one of the most respected and experienced property oriented environmental entities in the country. Qualified in residential, commercial, industrial, and governmental projects of all sizes, we provide clients with professional environmental consulting, remediation, and training services, while ensuring unsurpassed quality and service.

Trained, licensed, and experienced in their discipline, our team members utilize state-of-the-art equipment, practices, and procedures when giving options for compliance with federal, state, and local laws.

It is LEW Corporation's honesty, integrity, and team intellect, coupled with our use of the best technologies, that has afforded us the opportunity to best serve our clients and improve their overall compliance and efficiencies. We help our clients manage their environmental risk sensibly and cost effectively.

OUR MISSION

It is our mission at LEW Corporation to provide honest, reliable, cost-effective turnkey solutions to property related environmental needs, while ensuring the highest level of customer service and customer satisfaction. Our professional, friendly, knowledgeable, and experienced team will continue to build on our legacy of trust and value, as we help clients succeed with their property oriented environmental goals and needs.

OUR EXPERTISE

We have been privileged over the past 25 years to share our property oriented environmental expertise with nationally recognized organizations, media outlets, and government agencies such as; HUD's Guidelines for the Evaluation and Control of Lead-Based Paint and Lead-Based Paint Hazards (2012), National Center for Healthy Homes, Preventing Lead Exposure in Children, (2014), The National Apartment Association (NAA), National Association of Home Builders (NAHB), The New York Times, NBC's Today Show, NBC's George to the Rescue, CNBC, Good Housekeeping, The United States General Accounting Office (GAO), numerous state and local dept. of health programs, as well as numerous insurance carriers and their council.

Supported by a team of seasoned staff, LEW Corporation has over 100 certifications in various environmental disciplines, such as; lead-based paint, mold, asbestos, underground storage tanks, IAQ and more. We are fully insured, licensed, and bonded. Our experience, knowledge, longevity, and incredible repeat customer base, supported by the above recognition, speaks the loudest and clearest as to our mission, integrity and expertise!
