Better Carpet Cleaning – Healthier Environment

Residential Buildings • Office Buildings • Hotels • Healthcare Facilities • Retail Stores

**Berkshire Services** provides 100% completely dry carpet, upholstery and cubicle panel cleaning as well as carpet installation for businesses in New York, New Jersey and Connecticut.

We aim to eliminate carpet management from your list of aggravations and concerns. You'll be pleasantly surprised at how our affordable maintenance programs will provide you safe, hassle-free commercial carpet cleaning.

#### **The Benefits of Using Berkshire Services:**

- 100% completely dry
- Low cost & hassle-free
- Extended carpet & upholstery life
- Healthier environment & air quality
- Healthier for people, plants & animals
- Carpet maintenance programs
- Environmentally-friendly

#### **Cleaning Services**

We can perform a one-time deep clean or customize a maintenance program tailored to your particular business's needs.

Because our dry cleaning system is completely dry, it can be done at any time, including during operating hours. Unlike steam and shampoo cleaning, dry cleaning does not require messy hoses or large, loud machines that cause inconvenience and downtime to your business.

#### **Maintenance Program**

Berkshire Services offers a variety of hassle-free dry cleaning maintenance programs to help maintain the life, appearance and cleanliness of your carpeting, upholstered furniture and cubicles.

Customized for your specific business needs, maintenance can be done on a regular or by a planned schedule. We'll consult with you to arrange the best times and services to ensure your business is always clean with minimal disruption.

#### **Eco-friendly Dry Cleaning**

Our dry carpet and upholstery cleaning products are Green Seal Certified, 100% non-toxic, pH balanced and water based. They are safe for people, animals and plants. Our process uses a fraction of the amount of water that traditional carpet cleaning systems use and can improve indoor air quality by removing bacteria, mold, and allergens.

The Berkshire dry polymer cleaning system is also proven to extend the life of your carpet and upholstery which helps reduce waste and saves space in landfills.

901 North Broadway, Suite 4
