

conciierge plus⁺

A Smarter Platform for Property Management, Staff, and Residents

Concierge Plus is a scalable, web-based resident experience and operations platform designed for property owners, building managers, front desk teams, and residents.

Our modular, AI-enabled solution centralizes daily operations, resident communication, and building management into one secure system, reducing manual work, improving accountability, and delivering a better experience across your community.

Accessible on any device, Concierge Plus helps teams work more efficiently while giving residents the modern digital experience they expect.

DAILY OPERATIONS & RESIDENT SERVICES

Daily operational tasks directly impact costs, staff efficiency, and resident satisfaction. Concierge Plus streamlines and automates core services to reduce administrative overhead, improve consistency, and protect your portfolio NOI.

Community Calendar

SEAMLESS & SECURE PORTAL PAYMENTS

With Concierge Plus, residents can easily pay rent, dues, and other fees online via ACH or credit/debit cards or via check, as well as set up monthly recurring payments from a bank account or credit/debit card.

SECURITY, CUSTOMIZATION & ADVANCED FEATURES

As portfolios scale, managing risk and compliance becomes more complex. Concierge Plus delivers standardized controls and audit-ready records to reduce exposure and maintain consistency across communities.

INTEGRATION WITH ACCOUNTING & MANAGEMENT SYSTEMS

Concierge Plus integrates seamlessly with the accounting and property management systems teams already use. By keeping resident, unit, and financial data aligned across systems, the platform reduces manual entry, minimizes errors, and streamlines reporting, without disrupting existing workflows.

Discover supported systems by chatting with our team.
