

FITNESSMITH

MULTI-HOUSING

Multi-Family • Student Housing • Senior Living

FitnessSmith serves as your single source provider and manages every aspect of your multi-housing project from concept through installation and beyond.

BUILD A GYM IN 3 STEPS

1.) DESIGN + LAYOUT

With our FREE design consultation, we can design a unique fitness experience that suits you. Our 3D floor plans and virtual walkthrough of your space ensure functional and aesthetic goals are achieved.

2.) PROCUREMENT

By partnering with over 50 notable manufacturers, our team can create and deliver a worthy fitness experience for any size space and budget.

3.) DELIVERY + INSTALLATION

Our experienced logistics team specializes in the delivery and installation of your fitness equipment. Our operations team will work closely with you every step of the way to coordinate delivery and installation.

*SERVICE AFTER THE SALE

We offer preventative maintenance plans, after the initial installation to make sure your equipment stays in the best shape.

BUILD A FITNESS CENTER THAT ADDS VALUE

An Amenity Your Residents Will Be Inspired to Use

Whether you love it, or love to hate it, cardiovascular training is a staple for our health. Add a smart screen to your cardio equipment and watch the minutes (and calories) fly by.

Feeling strong is powerful and we're here to help you feel empowered each day. From dumbbells to squat racks, your muscles will feel challenged.

Accessories complete your fitness space! They're the final touches you need, and you can never have too many. Our offerings run the gamut so you won't run out of options.

Did you know, one of the best ways to prevent injury is through functional training? The way you move through everyday life, is the way your training should support you.

Bring the newest innovations of fitness to your residents, where they can immerse themselves in a personalized, unique fitness experience combining gamification, technology, and community.

The ground supports all your movement, and it's a step not to be overlooked. FitnessSmith offers customized flooring solutions based on your space, equipment, and movement patterns.
