

PODS CITY SERVICE

# An innovative solution for moving and storage in the City.

PODS City Service is a unique moving and storage service offered to residents and businesses living and working in the metro New York City area.

We'll deliver a container to your location for you to load via our driver operated lift, bringing you and your contents level with the container, allowing for a convenient loading experience. When you're finished, we'll drive the container to your designated location or to one of our local secure Storage Centers until you need it again.

Whether you're headed to the Hamptons for the summer or relocating to LA, with our nationwide footprint, PODS can move you wherever you need to go.
